Counselor in Training Program**

2010 CIT Program Information

The Counselor-in-Training (CIT) Program is designed for those exceptional young Scouts who display true leadership and maturity within their own troop. Its purpose is to give training to potential future staff members.

What are the qualifications to apply? The Scout must be at least 14 years old, First Class rank and have the signed approval of both the unit leader and a parent or guardian. Most importantly, the Scout must be mature enough to place the welfare of the camper above their own and must have leadership ability.

The program is beneficial to both the potential staff member and the camp management. The CIT can experience the life of a staff member by actually living it for a short time. CITs are assigned to various program and/or support areas so that all a camp staff positions can be experienced.

To participate in the program, a Scout must apply to the camp management using the Counselor in Training Application. Letters will be sent to CITs in late spring indicating when to report to camp and what equipment is required. CIT's begin with a one-week assignment and may be asked to return for another week if there is room in the program and if the camp management feels that the CIT exhibits a positive contribution. The length of service is directly related to the CIT's attitude and willingness to be part of the summer camp team. Service as a CIT does not guarantee future employment as a full-time staff member, but does aid in evaluating future potential.

There is no fee for participation in the program, nor does the CIT receive any compensation. Each CIT will receive a special activity shirt. The CIT will be given all benefits due any staff member as determined by the Camp Director. Any Scout participating in the program is expected to live by the same guidelines and policies to which all staff members must abide.

To apply, use the following application and return to the Camp Director.
