We are asking that all Troops and Packs that have Scouts or adult leaders who require special diets, whether for medical or religious reasons, to fill out this request form and submit it to the Scout Service Center two weeks before the person will be attending the camp program noted above.

Special request (be as specific as possible, i.e. low sodium diet, no pork, etc):

We strive to meet the needs of our campers. It is important that this form be turned in at least two weeks before the camper comes to camp so the Commissary staff can be prepared.

We do realize some individuals require a diet that is very specialized. For those individuals, we ask that they bring their own food to camp. Their food can be stored in our kitchen. The camp cook will be happy to help in the preparation of the special food.

Please use this option only if medically necessary or required by religion.

Thank you.
